

You did it! Congratulations on submitting four (or more) pull requests and contributing to open-source projects this month.

Here's what happens next:

- Project maintainers now have 14 days to review your contributions.
- If any requests are marked as invalid or spam, you'll need to follow up with a new pull request to complete the Hacktoberfest challenge.
- You can always check your current progress on [your profile page](#).

Share your success with the rest of the Hacktoberfest community in the official [Hacktoberfest Discord server](#)!

More soon!
